

THE EAST TENNESSEE UNION FLAG.

THE UNION FLAG. Jonesboro', Tenn., May 17, 1867. LOCAL ITEMS.

The Close of Volume II.

This number of the Union Flag completes another year in its existence. Since its establishment, the Flag has been enlarged twice, and beginning with only six subscribers, it now has a larger circulation than any other paper published in East Tennessee, outside of Knoxville. We are gratified with the substantial appreciation of our efforts, and are greatly encouraged to persevere. We have met with many discouragements, but they have served to polish our energies and make the more determined not to fail.

Being engaged in a great noble cause, we shall devote to it the full extent of our mental and physical abilities, and make the Flag the organ of the patronage of every loyal man. From the first, we have been animated by a fixed and steady purpose, and have freely expressed our strong and overriding convictions. Profoundly impressed with the fact that the security, peace and advancement of the country depend upon the success of the Radical Union party, we shall continue to sustain our energies and influence to their grand consummation. Being on the side of Right, Truth, Justice, Humanity and Freedom, we are confident that we shall successfully contend against every antagonist, and achieve a victory in the end that will be as bold and permanent as it will be glorious.

Those who are indebted to the Flag for subscription advantages will please settle their accounts at once, as money is absolutely necessary to the permanence of our business. Let all our friends help to increase our circulation, and thus disseminate light and truth during the opening canvas.

Returning our thanks to the general public, we earnestly wish a continuance of their generous favors, and promise in return still more vigorous efforts, and a journal worthy of their support.

Horse Stolen!

Attention is called to the advertisement of Mr. May, in another column, who has lost a fine mare. Three hundred and Fifty Dollars will be the reward of the successful person who may capture horse and thief. Let everybody look out.

The attention of our readers is directed to the new advertisements in this paper, "To Consumptives," "Errors of Youth," "Sheriff's Sales, &c."

Splendid Furniture.

In Knoxville recently, we visited the large Furniture Warehouses of Morris, Remond & Shepherd, on Gay Street, and were highly pleased with their extensive stock of fine furniture, some of which will easily compare with any in the Southland. Up to East Tennessee can now get furniture made to all sizes.

Those desirous of making money easily and rapidly should address to W. Jackson & Co., whose advertisement appears in another column, and learn the modes operandi.

More Horse Stealing.

Last Sunday night two men by the names of Andrews and Huyson, living in the Greasy Gove, were lodged in our jail on a charge of horse stealing. A day or two before their arrest they were in this place and sold a mule to the firm of Adler, Cone & Shipley. This mule was stolen from a gentleman in North Carolina some four weeks ago. He followed the thieves all through the mountains by the track of his mule, and upon coming up with them, they showed fight, and he was compelled to return home, without his animal. There is no doubt of an organization in that part of the country to steal horses, and it would have a very salutary effect, if these individuals were condemned to the severest punishment of the law in the view of their conviction. The virtue of law is the penalty annexed to its violation, and we are anxious to see the times when law will be a restraining terror to all evil doers.

Return Them.

I loaned a friend two volumes "Young's Night Thoughts" one year ago. My said friend will return them if he knows himself for I have forgotten who he is.

JAM. J. KIRKPATRICK,

We are indebted to Hon. J. O. Brumfield and Hon. N. G. Taylor, for interesting publications and speeches.

Those of our readers who have a growth of hair upon the face, or those whose hair is falling out, or have become bald, would do well to try Dr. STANLEY'S REPARATIVE CAPILLARIES. This preparation has been used by thousands in this country and Europe, with the most gratifying results. Testimonials of the most flattering character have been received from the most wealthy and influential citizens of the country, and will be sent free to any one, on application, to Dr. STANLEY, 120, Gramercy Park, New York, N. Y., the only agent in America for the use of the same. Read his advertisement in another column of this paper.

Wonderful but True.

MADAN E. F. THORNTON, the great English Astrologer, Clairvoyant and Psychometrist, who has astonished the scientific classes of the Old World, has now located herself at Hudson, N. Y. Madan Thornton possesses such wonderful powers of second sight as enable her to impart knowledge of the greatest importance to the single or married of either sex.—While in a state of trance, she delineates the very features of the person you are to marry, and by the aid of an instrument of intense power, known as the Psychometre, guarantees to produce a life-like picture of the future husband or wife of the applicant together with date of marriage, position in life, leading traits of character, &c. This is no humbug, as thousands of testimonials can attest. She will send when desired a certified certificate, or written guarantee, that the picture is what it purports to be. By enclosing a small lock of hair, and stating place of birth, age, position and complexion, and enclosing a few cents and stamped envelope addressed to yourself, you will receive the certificate and testimonials gratis, by return post.
